## DETAILED ACTION

### *Election/Restriction*

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-53, 59-73, drawn to feed ration, human food product, blended meal, corn-oil containing product, classified in class 426, subclass 615+.
  - II. Claims 54-58, drawn to an extracted corn oil in a oil refining process, classified in class 554, subclass 195.
2. The inventions are distinct, each from the other because of the following reasons: Inventions I and II are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions, Group I products are used as nourishment for animals or humans. Group II reads on a refining process that uses an extracted oil. There is no indication that the food

product can be used in the refining process or the refining process can be used with Group I.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Claims 74-75 were not included in the restriction because they not read on a statutory class of invention. Claims should be amend to read on a "method of using" or a "method of use."

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be

accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner Deborah D. Carr whose telephone number is (703) 308-4627. The examiner can normally be reached on Monday thru Friday from 8:30 a.m. to 5:00 p.m. The fax phone number for this Group is (703) 308-4556.
